Club Day, September 9<sup>th</sup>  
Membership Drive

Classes resume August  
30<sup>th</sup>, until then have a safe  
and restful summer!

Welcome Class of 2014!

## Welcome to CNCP's Chapter of NCPA!!

California Northstate College of Pharmacy is a new pharmacy school located in Rancho Cordova, Sacramento. National Community Pharmacists Association was started by a few students interested in pursuing independent pharmacy in the community setting.

National Community Pharmacists Association (NCPA) was founded in 1898, and represents more than 23,000 independent community pharmacists across the United States. This student chapter is a newly developed chapter that will help students develop leadership, business, and management skills. Student members will be able to combine their community and clinical skills to practice pharmacy in their own way.
